2. USED TERMS

ProducToken (PROD) – digital token that gives the right to utilize the P2P – carsharing service based on the DARENTA platform according to the conditions of the present document. Tokens are issued on the Ethereum blockchain platform.

Fiat money is currency that a government has declared to be legal tender, but it is not backed by a physical commodity. More info: https://en.wikipedia.org/wiki/Fiat_money

Franchisee – a person who uses tokens to acquire the right to use the Darenta brand name to create a branch in the any region, to receive revenue and pay a service fee (royalty) for the trademark and franchisor services.

Ethereum – a platform for creating decentralized online services based on its blockchain technology. ProducToken (PROD) is an ERC-20 token in the framework of the publicly distributed blockchain platform Ethereum. The Ethereum platform, which is rapidly becoming the standard protocol for the release of new digital assets, perfectly corresponds to the requirements of Darenta. The compatibility with the ERC20 standard allows you to use the full potential of the extensive ecosystem of the Ethereum platform, including, smart contracts,wallets and exchanges.

ERC20 is the standard of the Ethereum`s tokens. More information: <https://github.com/ethereum/EIPs/issues/20>

23. TERMS AND CONDITIONS, RISK FACTORS

The purchase of tokens involves a high degree of risk, including but not limited to the risks described below. Before acquiring ProducToken (PROD) tokens, it is recommended that each participant carefully weighs all the information and risks detailed in this white paper, as well as the information and risks available from other sources.

Dependence on computer infrastructure.

Darenta's dependence on functioning software applications, computer hardware and the Internet implies that Darenta can offer no assurances that a system failure would not adversely affect the use of your ProducTokens (PROD). Despite Darenta's implementation of all reasonable network security measures, its processing center servers are vulnerable to computer viruses, physical or electronic break-ins or other disruptions of a similar nature. Computer viruses, break-ins or other disruptions caused by third parties may result in interruption, delay or suspension of services, which would limit the use of the ProducTokens (PROD).

Smart contract limitations. Smart contract technology is still in its early stages of development, and its application is of experimental nature. This may carry significant operational, technological, regulatory, reputational and financial risks. Consequently, although the audit conducted by independent third party increases the level of security, reliability, and accuracy, this audit cannot serve as any form of warranty, including any expressed or implied warranty that the Darenta Smart Contract is fit for purpose or that it contains no flaws, vulnerabilities or issues which could cause technical problems or the complete loss of ProducTokens (PROD).

Regulatory risks. Blockchain technology, including but not limited to the issue of tokens, may be a new concept in some jurisdictions, which may then apply existing laws or introduce new regulations regarding Blockchain technology-based applications, and such regulations may conflict with the current Darenta smart contract

setup and ProducToken (PROD) token concept. This may result in the need to make substantial modifications to the Darenta smart contract, including but not limited to its termination, the loss of ProducToken (PROD) tokens, and the suspension or termination of all ProducToken (PROD) token functions.

Taxes. ProducToken (PROD) token holders are solely responsible for determining if the transactions contemplated herein are subject to any applicable taxes whether in their home country or in another jurisdiction. It will be the sole responsibility of ProducToken (PROD) token holders to comply with the tax laws of any jurisdictions applicable to them and pay all relevant taxes.

Force Majeure. Darenta's performance may be interrupted, suspended or delayed due to force majeure circumstances. For the purposes of this white paper, force majeure shall mean extraordinary events and circumstances which could not be prevented by Darenta and shall include: acts of nature, wars, armed conflicts, mass civil disorders, industrial actions, epidemics, lockouts, slowdowns, prolonged shortage or other failures of energy supplies or communication service, acts of municipal, state or federal governmental agencies, other circumstances beyond Darenta's control, which were not in existence at the time of white paper release.

Disclosure of information. Personal information received from ProducToken (PROD) token holders, the information about the number of tokens owned, the wallet addresses used, and any other relevant information may be disclosed to law enforcement, government officials, and other third parties when Darenta is required to disclose such information by law, subpoena, or court order. Darenta shall at no time be held responsible for such information disclosure.

Value of ProducToken (PROD) token. Once purchased, the value of ProducToken (PROD) token may significantly fluctuate due to various reasons. Darenta does not guarantee any specific value of the ProducToken (PROD) token over any specific period. Darenta shall not be held responsible for any change in the value of ProducToken (PROD) token.

Regulatory risks related to p2p-carsharing.

P2p-carsharing is a dynamic and fast growing business in many regions, therefore Darenta using its best efforts to comply with all applicable regulations in jurisdictions where business activities take place. However, Darenta does not provide any guarantee that any certain jurisdiction has solid laws and regulations requirements, as well as Darenta does not provide any guarantee that such laws and/or regulations will not be amended from time to time, including introduction of new regulations, that may, including but not limited to result to restriction of p2p-carsharing in relevant jurisdiction. Darenta does not provide any guarantee of absence of any amendments to regulations related to p2p-carsharing, including insurance, natural monopolies etc. Darenta shall not be liable for any uncertainty in regulations and for any amendments in such regulations that may result to restriction of p2p-carsharing in relevant jurisdiction.

Risk of Insufficient information. The ProducToken (PROD), platform and project are at a very early developmental stage and its philosophy, consensus mechanism, algorithm, code and other technical specifications and parameters could be updated and changed frequently and constantly. While the Whitepaper contains the up-to-date key information related to ProducToken (PROD) tokens at the date of the Whitepaper, it is not complete nor is final and is subject to adjustments and updates that Darenta may make from time to time. Darenta is not in a position, nor obliged to report on every detail of the development of ProducToken (PROD) (including its progress and expected milestones, whether rescheduled or not) and therefore will not necessarily provide timely or full access to all the information relating to the ProducToken (PROD), but will use reasonable efforts.
